Docket No. 98N-1265
Food and Drug Administration

Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: What do you mean by
"inordinate amount" contained in
the M.O.U. How the government is
limiting the number of prescriptions
shipped out of state. Now and more
the U.S.A. is becoming like a
dictator run society - The F.D.A. is
leading the way urged on by big
money interests. That's all that
is in back of it.
